the aim of this book with its superb step by step photographs and detailed diagrams is to enable every owner to understand the workings of an outboard motor 2 or 4 stroke and be able to fix it with relative ease it includes an explanation of the different parts that make up the engine and how they interact how fuel is transformed into propulsion regular maintenance and repair worksheets to help even the most mechanically ignorant to work on their outboard engine with confidence the most common causes of breakdown troubleshooting tables to allow you to diagnose and fix the most common engine problems and advice on how to winterize your outboard in one short afternoon after reading this book your outboard will no longer be a potential bother to you but an ally for better boating

repair and tune up guide

the first edition of outboard engines set the standard for a clear easy to follow primer on engine basics troubleshooting care and repair this new edition significantly expanded brings the subject up to date with full coverage of the new four stroke engines conventional electronic and direct fuel injection systems oil mix systems in the new clean two strokes and more you ll save time and money doing your own engine repairs and maintenance

provides a manual for the proper care of outboard motors under thirty horsepower made by chrysler kiekhaefer mercury and outboard marine corporation

the aim of this book with its detailed step by step colour photographs and diagrams is to enable every owner to fix their outboard motor with ease troubleshooting tables help diagnose potential problems and there is advice on regular maintenance and winterising and repair jean luc pallas s enthusiasm for passing on his knowledge as well as his clear explanations precise advice and step by step instructions make this a unique book

outboard motor repair for the average guy fix up an old outboard and save 1000 or more compared to buying a new motor with a little know how and a few common tools you can fix an old motor bring it back from the dead sometimes all it takes is a squirt of wd 40 into the cylinder and a new spark plug or a new set of points and condensers which do not require expert knowledge or black magic to install maybe the carburetor needs cleaning and adjusting you can do it max e wawrzyniak iii is an outboard motor guru he advises you to find an old motor at a yard sale for 100 or so and he tells you exactly which ones to look for and fix it up rather than spending 1500 or more on a new motor he is a big fan of cheap power get on the water with money left in your pocket with a basic understanding of how these motors work a little logical thinking and a few hours work you can go boating for a fraction of what everyone else has to pay also for the boater who already owns an outboard motor of any age this book demystifies these internal combustion marvels that can bring such frustration if they malfunction you ll learn how they work and the simple things you can do to keep them running forever

what max teaches are not only money saving skills but can also be life saving as you will no longer be helpless in the face of engine trouble on the water his clear instructions and over one hundred color photographs will make anyone into a capable outboard mechanic includes what to buy where to find it tools needed and where to begin the ignition system carburetors water pump repairs recoil starters fuel tanks propellers lower units emergency shut down fuel pump conversion remote controls shift and throttle remote control steering tiller conversion trouble shooting and onboard spares and tools this book has always been very popular and well used in its print edition now it s available as an e book so you can load it into your phone or tablet and always have this wealth of repair maintenance information at your fingertips even when out on your boat

aims to enable every owner to fix their outboard motor with ease troubleshooting tables help diagnose potential problems and there is advice on regular maintenance and winterising and repair

as the boat doctor in boating magazine allen berrien helped two generations of readers keep their boats alive and well now his practical know how and wisdom is collected inpowerboat care and repair the only book that focuses on do it yourself maintenance and repair of small powerboats berrien provides tips on how to avoid and solve a host of common problems such as electrolysis pitted gelcoat and battery failures he also offers step by step guidance on spring commissioning and winterizing inboard outboard and stern driveengine troubleshooting exterior maintenance emergency preparedness and much more
